

Allston Brighton Behavioral Health Resource Guide

With Generous Support Provided by

USING THIS GUIDE

This guide is intended for anyone looking for resources to improve their health. The guide focuses on substance abuse and mental health concerns and provides information for those experiencing struggle with these issues and their families. Sections 1, 2, and 3 contain tables of information structured as follows:

TITLE	NEIGHBORHOOD or CITY	CONTACT	COMMENTS	PAGE
-------	----------------------------	---------	----------	------

- **‘Title’** provides the name of the resource or organization.
- **‘Neighborhood or City’** provides the location of the resource or organization.
- **‘Contact’** provides a phone number of the resource or organization.
- **‘Comments’** provides any additional information regarding health insurance, or age or gender seen by the resource or organization. Please note that insurance coverage is subject to change without notice and some service providers who do not accept Medicaid/MassHealth may offer a sliding scale or financial assistance.
- **‘Page’** provides the page number that corresponds to a detailed description of the resource or organization.

The categories referred to in each Section are described below:

Detox (for substance abuse conditions), **Inpatient & Residential Treatment:** clinical programs that involve staying at a hospital or other treatment facility for a period of time.

Partial Hospitalization & Intensive Outpatient Treatment: clinical programs that do not require staying at a hospital but do require a treatment schedule at a hospital or other treatment facility, often for multiple hours a day, daily for a week or more.

Outpatient Treatment and Medication-Assisted Outpatient Treatment: clinical treatment programs by appointment, with or without the use of medication.

Treatment for Children, Adolescents & Families: clinical programs that provide specialized services for children, adolescents & families.

Resources for Support & Recovery: non-clinical organizations that provide community and family support, education, and/or advocacy.

Support Groups: non-clinical groups that meet on a regular basis to provide peer support to individuals in treatment and recovery, and their families and friends.

Phone, Text & On-line Support: crisis lines accessed by telephone, text message, internet-based chat or e-mail.

Resources for Education & Awareness: sources of information to raise awareness and improve prevention.

TABLE OF CONTENTS

SECTION 4: RESOURCE DESCRIPTIONS A-Z

AdCare Hospital

14 Beacon Street, Suite 801, Boston, MA 02108
 1419 Hancock Street, Suite 301, Quincy, MA 02169
<http://www.800alcohol.com/>

AdCare outpatient alcohol drug rehab clinics offer comprehensive and individualized treatment that accommodates clients' work and family schedules. Comprehensive Assessment and Evaluation focuses on evaluating and comprehending the severity of an individual's alcohol or drug abuse problem as the first step toward developing an individualized and appropriate treatment plan. Individual, Group and Family Counseling is available for persons struggling with alcohol and drug abuse and its related problems at all stages of addiction and recovery.

Addiction Treatment Center of New England

77F Warren Street, Brighton, MA 02135
<http://www.atcne.net/>

The Addiction Treatment Center of New England, Inc. (ATCNE) is a clinically operated drug treatment program, designed to provide a safe and therapeutic environment for clients to gain control over their drug problems and learn alternatives to their addictive behavior. ATCNE specializes in the treatment of opiate dependency.

Addicts Health Opportunity Prevention Education (AHOPE) (Boston Public Health Commission)

774 Albany Street, Boston, MA 02118
<http://www.bphc.org/>

The AHOPE Program is a harm reduction and needle exchange site providing a range of service to active injection drug users, including: Rapid HIV testing; Integrated HIV/ Hepatitis/ and STI testing; Free, legal, and anonymous needle exchange; Supported referrals to HIV, Hepatitis, and STI treatment; Overdose prevention education and training, including enrollment in the Massachusetts Overdose Education and Naloxone Distribution (OEND) Program; Risk reduction supplies to reduce the spread of HIV and Hepatitis C infection; Risk reduction counseling; Supported referrals to all modalities of substance abuse treatment

For the AHOPE van schedule or for more information, please call 617-534-3976.

Allston-Brighton Substance Abuse Task Force

Helen Connolly, Director: helen.connolly@steward.org
<http://abdrugfree.org/>

The Allston-Brighton Substance Abuse Task Force is a coalition of community agencies and residents that mobilizes youth, families, community members and leaders to prevent and reduce substance abuse among youth and adults in our community.

Arbour Counseling Services (Arbour Health System)

14 Fordham Road, Allston, MA 02134

227 Babcock Street, Brookline, MA 02446

157 Green Street, Jamaica Plain, MA 02130

10-I Roessler Road, Woburn, MA 01801

<http://www.arbourhealth.com/organizations/arbour-counseling-services/>

Areas of care include: Individual, couple, family and group mental health counseling for all ages; Emergency assessments, medication management and responsive assistance; Individual treatment plans developed in close collaboration with patients' and referrers' goals and needs; Evaluation and treatment for: stress-related issues, depression and anxiety disorders, bipolar and psychotic disorders, obsessive compulsive disorders, personality disorders and ADD/ADHD, among others.

Structured Outpatient Addictions Program (SOAP) is available at Jamaica Plain & Woburn sites.

Arbour Hospital (Arbour Health System)

49 Robinwood Avenue, Jamaica Plain, MA 02130

<http://www.arbourhealth.com/organizations/arbour-hospital/>

Arbour Hospital is a 136-bed private psychiatric facility located in Boston's Jamaica Plain neighborhood. The hospital specializes in adult mental health treatment, adolescent and dual diagnosis services. Other services include partial hospitalization programs (PHP) and outpatient treatment.

Arbour-HRI Hospital (Arbour Health System)

227 Babcock Street, Brookline, MA 02446

<http://www.arbourhealth.com/organizations/arbour-hri-hospital/>

Arbour-HRI Hospital is a 66-bed licensed private psychiatric facility located in Brookline, Mass. There are four inpatient units designed to treat adults with general psychiatric disorders, dual diagnosis and women's issues. The hospital also has three separate and distinct partial hospitalization programs located on the hospital grounds.

Bay Cove Human Services

66 Canal Street, Boston, Ma 02114

<http://www.baycove.org/>

Bay Cove provides effective, compassionate care to more than 20,000 individuals and families who face the challenges of developmental disabilities, mental illness, drug and alcohol addiction and aging at over 160 sites in Boston and southeastern Massachusetts.

Bay Cove Human Services Community Crisis Stabilization Unit

Solomon Carter Fuller Mental Health Center, 6th Floor, 85 East Newton Street, Boston, MA 02118

<http://www.baycove.org/>

The Community Crisis Stabilization Unit is an unlocked crisis unit that helps people in an acute behavioral health crisis to stabilize, strengthen their coping resources and supports, and develop a plan to live a better life. The CCS offers rehabilitative and recovery focused services that enable people to get through such crises without needing to rely on more costly and unnecessarily restrictive inpatient psychiatric services. CCS referrals come from BEST Urgent Care Centers (Bay Cove Human Services and North Suffolk Mental Health Association), Cambridge/Somerville Emergency Services or the BEST designated emergency departments (Boston Medical Center ED or Mass General Hospital Acute Psychiatric Service) through the attending on call. If another emergency service outside BEST or Cambridge/Somerville ESP desires to

refer a client to the CCS, they need to present a case to the attending on call, who will determine if the person can be served well on the CCS.

Bay Cove Treatment Center for Opiate Addictions

66 Canal Street, Boston, MA 02114

<http://www.baycove.org/>

The Bay Cove Treatment Center is an addiction treatment center focusing on opiate addicted clients with specialty programs for pregnant women, dually diagnosed individuals and persons who are HIV positive. The Center provides intensive, seven-day-a-week outpatient treatment to IV drug users. Clients receive medical assessments, daily dosing with methadone medication, weekly individual and group counseling, and comprehensive substance abuse education. Case management and referral services are regularly provided. The primary client population for this program is opiate-addicted IV drug users from the Greater Boston area. Special populations served include HIV/AIDS infected clients, poly-substance abusers, pregnant addicts, clients with a dual diagnosis of mental illness and addiction to opiates, and heroin users who are homeless.

BayRidge Hospital (Lahey Health Behavioral Services)

60 Granite Street, Lynn, MA 01904

<http://www.beverlyhospital.org/locations--services/locations/bayridge-hospital>

BayRidge Hospital provides accessible, high-quality substance abuse and mental health treatment. This psychiatric hospital offers a continuum of chemical dependency and psychiatric services on an inpatient, partial hospitalization and outpatient basis.

Beth Israel Deaconess Medical Center Inpatient Unit

330 Brookline Avenue, Boston, MA 02215

<http://www.bidmc.org/Centers-and-Departments/Departments/Psychiatry/Inpatient-Unit.aspx>

Patients in need of an acute inpatient level of psychiatric care are those who present a danger to themselves or others or are unable to care for themselves due to mental illness. Priority for admission is given to patients meeting these criteria who are referred from the Beth Israel Deaconess Emergency Department or inpatient medical-surgical services.

The resources of the Acute Psychiatric Inpatient Unit are directed toward patients with major mental illness, including: those with a first onset of symptoms; those with a recent exacerbation of symptoms; those with medical comorbidity who are in need of intensive psychiatric treatment but not in need of medical admission.

The Boston Center (Arbour Health System)

14 Fordham Road, Allston, MA 02134

<http://www.arbourhealth.com/organizations/the-boston-center/>

The Boston Center provides Partial Hospitalization Programs for children and adolescents. Services include highly structured, intensive behavior modification group programs for children, ages 6-12, and adolescents, ages 13-18, with acute emotional and behavioral difficulties. The children's program is the only one of its kind in the Boston area.

Boston Children's Hospital Psychiatry

300 Longwood Avenue, Boston, MA 02115

<http://www.childrenshospital.org/>

Psychiatry Inpatient Service is a 16-bed inpatient psychiatric unit for children and adolescents, ages 8 to 18; provides psychiatric assessment and treatment for patients who are in the midst of a psychiatric crisis; teaches children and their families important skills to help with coping and recovery after leaving the hospital.

Outpatient Psychiatry Service: Provides diagnostic assessments and treatment recommendations; Provides individual, group and family psychotherapy; When appropriate, prescribes—and helps patients and families manage—medications in conjunction with psychotherapy.

Boston Children's Hospital Adolescent Substance Abuse Program

Boston Children's Hospital, Fegan Building, 10th Floor, 300 Longwood Avenue, Boston, MA 02115

<http://www.childrenshospital.org/>

The Adolescent Substance Abuse Program (ASAP) at Boston Children's Hospital provides national leadership in the identification, diagnosis and treatment of substance use problems and disorders in children and adolescents. ASAP is part of the Division of Developmental Medicine, and is staffed by developmental-behavioral trained pediatricians, licensed independent social workers and psychiatrists. ASAP clinicians are uniquely qualified to evaluate and support adolescents with a full range of substance use problems and disorders, from teens who have just begun using substances to those struggling with addiction, and their families.

Boston Children's Hospital Neighborhood Partnerships

http://www.childrenshospital.org

Boston Children's Hospital Neighborhood Partnerships (CHNP) is the community behavioral health program in the Department of Psychiatry at Boston Children's Hospital. For 13 years, CHNP has placed social workers, psychologists, and psychiatrists in schools and community health centers throughout Boston to provide a comprehensive array of behavioral health services to children and adolescents where they live and learn.

Boston Institute for Psychotherapy

1415 Beacon Street, Suite 120, Brookline, MA 02446

<http://www.bostoninstitute.org/>

Boston Institute for Psychotherapy, Inc. (BIP) is a non-profit organization dedicated to professional training, mental health treatment, and public education. It was created and is sustained by mental health professionals who endorse psychodynamic and psychoanalytic principles of practice and growth.

Boston Medical Center Psychiatry

One Boston Medical Center Place, Boston, MA 02118

<http://www.bmc.org/psychiatry.htm>

The Department of Psychiatry provides an array of services, including but not limited to: Psychiatric triage; Crisis intervention; Psychiatric evaluation; Extended evaluations; Psychopharmacological treatment; Individual and group therapy; Neuropsychological assessments; Psychological testing.

Boston Rescue Mission

39 Kingston Street, Boston, MA 02111

<http://www.brm.org/>

The Boston Rescue Mission offers outpatient counseling, day treatment programming, and the Rebuilding Homes program provide the most efficient means to keep people in their homes.

Boston Treatment Center (Lahey Health Behavioral Services)

Zero Centennial Drive, Peabody, MA 01960

<http://www.nebhealth.org/>

Boston Treatment Center is a 50-bed inpatient detoxification and treatment service that treats and cares for men and women who need to be medically detoxified from alcohol, opiates and benzodiazepines. Services include: Safe medical detoxification; Group counseling; Support from the community of others who are in recovery from addiction; Aftercare planning; Referral to ongoing care and/or 12-step programs.

Boston University Center for Anxiety & Related Disorders

648 Beacon Street, 6th Floor, Boston, MA 02215

Bonnie Brown, Nurse Administrator and Media Specialist: bonnieb@bu.edu.

<http://www.bu.edu/card/>

The Center for Anxiety and Related Disorders at Boston University (BU CARD) is an internationally known clinical and research center specializing in helping both adults and children address a range of anxiety disorders and related challenges, such as difficulties with sleep, concentration, eating, and mood.

Boston University Center for Psychiatric Rehabilitation

940 Commonwealth Avenue West, Boston, MA 02215

<http://cpr.bu.edu/>

The Center is a research, training, and service organization dedicated to improving the lives of persons who have psychiatric disabilities. Our work is guided by the most basic of rehabilitation values, that first and foremost, persons with psychiatric disabilities have the same goals and dreams as any other person. Our mission is to increase the likelihood that they can achieve these goals by improving the effectiveness of people, programs, and service systems using strategies based on the core values of recovery and rehabilitation. The outcome of Recovery is a given here. It is not debatable or an outside possibility. We are not a traditional clinical environment, but we maintain the highest ethical standards. We share power with our student, have high expectations and learn with our students as we support their quest to be full citizens as healthy adults.

Bourne Wood Hospital

300 South Street, Brookline, MA 02467

<http://www.bourne wood.com/>

Bourne Wood Hospital is an independent psychiatric hospital located in Brookline, Massachusetts, providing mental health and chemical dependency care for adults and young people. Bourne Wood Hospital's treatment programs span a broad continuum of inpatient, partial hospital and intensive outpatient services, enabling patients to enter the system at any point in their illness and experience seamless care as they progress in their recovery.

An enhanced treatment plan is developed with the active participation of both patient and primary counselor. Family involvement and family sessions are encourages as part of the patient's individualized treatment plan.

Brookline Community Mental Health Center

41 Garrison Road, Brookline, MA 02445

<http://www.brooklinecenter.org>

For over 50 years, the Brookline Community Mental Health Center has helped our community lead healthier, happier and fuller lives. A thriving community health center and the largest human services agency in Brookline, the Center serves individuals and families experiencing adverse life circumstances and mental health issues. We provide access to timely, high quality and affordable care in a welcoming and reassuring setting.

CASPAR Emergency Services Center (Bay Cove Human Services)

240 Albany Street, Cambridge, MA 02139

<http://www.casparinc.org/>

CASPAR's Emergency Services Center (ESC) is one of two shelters in Massachusetts that accept people who are using drugs and alcohol and are homeless. At the ESC clients receive medical and mental health care, nutritional food, personal hygiene supplies, clean clothes, counseling, case management, and

employment, housing, and treatment referrals in an environment that is welcoming and safe. The ESC provides 24-hour shelter, 365 days a year to residents of Cambridge and Somerville.

CASPAR GROW House (Bay Cove Human Services)-

6 Camelia Avenue, Cambridge, MA 02139

<http://www.casparinc.org/>

GROW House is a seven-bed transitional housing program for formerly homeless women who have graduated from residential treatment programs. Residents live in a supportive community where they receive intensive case management and ongoing post-treatment services. GROW House offers on-site individual case management and group counseling.

CASPAR Hagan Manor (Bay Cove Human Services)

268 Washington Street, Somerville, MA 02143

<http://www.casparinc.org/>

Hagan Manor is a six bedroom congregate living suite for men with disabilities in addition to their substance abuse history. At Hagan Manor, men who have graduated from residential treatment have the opportunity to reside in a supportive living environment where they have access to on-site case management intended to continually monitor and stabilize their recovery. Hagan Manor residents receive supportive services from trusted and familiar members of CASPAR's Men's Residences staff.

CASPAR Men's Residences (Bay Cove Human Services)

16 Highland Avenue, Somerville, MA 02143

3 Summit Avenue, Somerville, MA 02143

<http://www.casparinc.org/>

CASPAR Men's Residences provide a six-to-nine month residential experience for 42 men experiencing the struggles of early sobriety. Clients receive the building blocks necessary for long-term sobriety through individual and group counseling and community-based self-help groups. Utilizing a psycho-educational approach to groups, staff provide clients with the tools they will need to develop and practice a healthy and fulfilling sober lifestyle. In addition, clients receive counseling and case management to build relapse prevention skills through the use of 12 Step Facilitation, Harm Reduction, and Motivational Interviewing Techniques. Clients also receive job readiness skills, which are provided by CASPAR's Employment Services program.

CASPAR New Day (Bay Cove Human Services)

242 Highland Avenue, Somerville, MA 02143

<http://www.casparinc.org/>

New Day was one of the first residential substance abuse treatment programs for pregnant and parenting women with their newborns. We offer a supportive, clean and sober treatment experience in an effort to improve birth outcomes for infants, and to support these mothers in leading a sober and healthy life. New Day offers on-site individual and group counseling, support groups, psychoeducational groups, legal assistance, and specialized services for at-risk infants, as well as referrals to support groups and social and medical services in the community.

CASPAR Womanplace (Bay Cove Human Services)

11 Russell Street, Cambridge, MA 02140

<http://www.casparinc.org/>

Womanplace is a 20-bed residential program for women in need of six months of gender-specific residential treatment in a safe and nurturing environment where they learn to live clean and sober. In addition to their substance abuse history, many women entering treatment have serious trauma and abuse histories as well as related mental health issues which need to be addressed. Others struggle with the loss of children due to active substance abuse. Womanplace staff provide on-site individual and group counseling and referrals to an array of social, medical, and mental health services in the community.

Cambridge Eating Disorder Center

3 Bow Street, Cambridge, MA 02138

<http://www.eatingdisordercenter.org/>

The Cambridge Eating Disorder Center (CEDC) strives to provide the highest quality continuum of care in a non-institutional community setting to both males and females suffering from eating disorders. CEDC offers outpatient services, an adult evening intensive outpatient program, an intensive outpatient program to adolescents between the ages of 12 and 17, partial hospital treatment program for adolescents and adults, and a residential program for adolescent girls and women.

Cambridge Hospital (Cambridge Health Alliance)

1493 Cambridge Street, Cambridge, MA 02139

<http://www.challiance.org/Locations/CambridgeHospitalcampus.aspx>

Cambridge Hospital provides inpatient and outpatient services for children (3-12), adolescents (13-18), adults (18+).

Inpatient services include: Comprehensive evaluation; Medication assessment; Daily individual monitoring of mental status and medication compliance; Structured group treatment in a therapeutic milieu; Family assessment; Family meetings; Meetings with outpatient caregivers and other social supports; Case management.

Outpatient services include: General Psychiatry Service; Dialectical Behavior Therapy; Behavioral Medicine; Consultation-Liaison Service; Family and Couples Clinic; Program for Psychotherapy; Psychological and neuropsychological Testing; Psychopharmacology (Medication) Clinic; Transitional Program; Trauma services.

Carney Hospital

2100 Dorchester Avenue, Dorchester, MA 02124

<http://www.carneyhospital.org>

Carney Hospital, a member of Steward Health Care, is the largest fully integrated community care organization in New England. Carney Hospital is a community teaching hospital committed to the values of compassion, accountability, respect and excellence. Our reputation for clinical expertise and physician excellence and our strengths in key medical specialties are the reasons we are a teaching hospital for Tufts University School of Medicine. That means, while health care's new leaders are being trained by the best, our patients are being cared for by the best, too.

The CASTLE (Clean And Sober Teens Living Empowered)

30 Meadowbrook Road, Brockton, MA 02301

<http://www.castlekids.org/>

The CASTLE (Clean And Sober Teens Living Empowered) is a short-term treatment center committed to the prevention, treatment, and abstinence of drug and alcohol use in adolescents.

It is the first adolescent-focused treatment facility of High Point Treatment Center, well-known for its excellent quality of care in adult addiction services. Up to 24 teenagers, ages 13-17, reside in a renovated brick building in Brockton, MA, learning how to maintain their goals of being clean and sober.

The program integrates traditional 12-Step and other recovery programs with a novel approach to treatment based on respect, brain-based neuroscience, and an appreciation of the influences of the home and social environment on a person's current emotional, psychological, and cognitive self-image.

Center for Recovery Services (Gavin Foundation)

210 Old Colony Avenue, South Boston, MA 02127

<http://www.gavinfoundation.org/programs/center-for-recovery-services/>

The Center for Recovery Services offers individual and group treatment for individuals struggling with substance use, abuse and addiction. Services are provided by licensed clinicians and, if medication management is needed, we have an on-site Psychiatric Nurse Practitioner who will evaluate and educate the client on medication options, including Vivitrol. Services include: Assessments; Substance Abuse Counseling; Case Management; Relapse Prevention; Individual and Group Therapy; Anger Management; EMDR-Eye Movement Desensitization and Reprocessing; A-CRA ACC-Adolescent Community Reinforcement Approach Assertive Continuing Care for youth ages 14 to 22; SOAP/IOP-Structured Outpatient Addiction Program/Intensive Outpatient Program for adults and youth ages 16 to 20.

Center House Day Treatment Program (Bay Cove Human Services)

31 Bowker Street, 5th Floor, Boston, MA 02114

<http://www.baycove.org/>

Bay Cove's Center House Day Treatment (CHDTP) is an outpatient, psychiatric day treatment program serving adults with mental health and addiction issues from the greater Boston area. Treatment is provided in therapeutic groups and milieu-based therapy within a supportive community.

People are referred to the program from a variety of sources, including inpatient psychiatric units, partial hospitalization programs, private therapists, DMH, CBFS and other community service programs, primary care physicians, and other treatment providers. These people might require more structure and support than traditional outpatient services.

Central Street Care Center (Cambridge Health Alliance)

26 Central Street, Somerville, MA 02143

<http://www.challiance.org/Locations/CentralStreetHealthCenter.aspx>

The Central Street Care Center is home to a wide range of mental health programs. Patients who visit us may see a Psychiatrist, Psychologist, Social Worker or Therapist. Needs served include: Anger problems; Anxiety; Drug problems; Stress; Relationship issues; Fears; Depression; Mood disorders; Personality disorders; Special women's health issues.

Charles River Community Health

495 Western Avenue, Brighton, MA 02135

564 Main Street, Waltham, MA 02452

<http://www.jmschc.org/>

Our mission is to improve the health and well-being of the communities of Allston, Brighton, Waltham and surrounding areas by providing quality, comprehensive, coordinated care. The Health Center's Behavioral Health Department offers outpatient services including psychiatry services and mental health counseling. Bilingual clinicians provide individual, family and couples therapy to children, adolescents and adults.

Charlestown Family Support Circle

15 Green Street, Charlestown, MA 02129

<http://www.charlestownsubstanceabusecoalition.com/family-circle/>

CFSC assists Charlestown youth and families by connecting them to resources and supports in and around their community.

Charlestown Recovery House (Gavin Foundation)

15 Bunker Hill Street, Charlestown, MA 02129

<http://www.gavinfoundation.org/programs/charlestown-recovery-house>

The Charlestown Recovery House is a residential treatment program for adult men seeking to recover from effects of alcohol and drug abuse. Accommodating up to 25 men at a time, for four to six months, Charlestown Recovery House aims for restoration of dignity and self-respect in an understanding, supportive, and home-like environment. Within a structured program, using the Twelve Steps as the core of recovery, residents acquire and/or renew skills needed for mature and responsible lifestyles free of alcohol and other drugs, learning to support each other and participating in the community through service opportunities. Charlestown Recovery House is licensed as a residential rehabilitation program for adults by the Bureau of Substance Abuse Services, Department of Public Health.

Charlestown Substance Abuse Coalition

15 Green Street, Charlestown, MA 02129

<http://www.charlestownsubstanceabusecoalition.com/>

CSAC is a community-based coalition of residents, businesses, organizations, professionals, and advocates who work together to reduce substance use in Charlestown.

Chelsea ASAP (Bay Cove Human Services)

100 Everett Avenue, Unit 4, Chelsea, MA 02150

<http://www.baycove.org/>

An Alcohol & Substance Abuse Program (ASAP) provided in both English and Spanish, to help men and women overcome substance abuse addictions. All evaluation and outpatient treatment facilities are located in Chelsea.

Children of Alcoholism and Substance Abuse (Robert F. Kennedy Children's Action Corps)

<http://www.rfkchildren.org/>

The Children of Alcoholism and Substance Abuse (COASA) program supports children of alcoholism and substance abuse by advocating for them in community forums and developing appropriate supportive educational groups for them throughout Boston. COASA facilitates school and community-based

prevention/intervention services, adapting them to the particular needs of the children served. COASA works within Boston neighborhoods with existing drug coalitions and with the Massachusetts Organization for Addiction Recovery (MOAR). The program offers resources to the children regardless of whether the parents are in treatment. Specific services include: Individual, family and group counseling; Support groups; Advocacy in the community.

Children's Services of Roxbury

11 Roxbury Street, Roxbury, MA 02119

<https://www.csrox.org/>

In conjunction with the Massachusetts Child Behavioral Health Initiative (CBHI), Children's Services of Roxbury coordinates intensive care services for families in the Greater Boston region seeking mental health and family supportive services for their children under the age of 21. CSR's CSA specializes in serving Black families and is designed to help families and their children with serious emotional disturbances obtain the services necessary for success at home, in school/programs, and in the community.

Community Substance Abuse Centers

<http://www.csacmethadone.com/>

Community Substance Abuse Centers (CSAC) is a private, outpatient program which provides humanistic treatment for those who abuse drugs. The program specializes in the treatment of narcotic addiction. Services are confidential and professional.

Cushing Houses (Gavin Foundation)

54 & 58 Old Colony Avenue, South Boston, MA 02127

<http://www.gavinfoundation.org/programs/cushing-houses>

The Cushing House programs promote healing in family relationships by providing groups for parents and opportunities for families to socialize with each other, and other families in the program. Most residents are diagnosed with moderate to severe substance use disorders, and have difficulty in school and at home. Some are involved with the criminal justice system. Cushing House promotes self-care, self-reliance and community responsibility, through structured activities and the experience of living in a residential setting. Cushing House aims to help youth affirm positive values and establish a web of services to support sobriety and addiction recovery. Both programs are licensed as residential rehabilitation programs for adolescents by the Bureau of Substance Abuse Services, Department of Public Health.

Depression Bipolar Support Alliance of Boston

P.O. Box 102, 115 Mill Street, Belmont, Mass 02478

<http://dbsaboston.netfirms.com/>

DBSA-Boston (formerly known as MDDA-Boston) is a resource for people with affective disorders, and their families and friends. Affective disorders such as bipolar disorder (manic-depressive illness) and clinical depression affect millions of people every year. DBSA members come together to share support and information with others in similar situations.

The Dimock Center

55 Dimock Street, Roxbury, MA 02119

<http://www.dimockcenter.org/>

The Dimock Center's Behavioral Health Services exist to help individuals and families in our area heal and grow to their full potential within a community setting. To that end, Dimock is the largest provider of

substance abuse, mental health and developmental disability services within a community health center setting in Massachusetts.

Behavioral Health services extend to the entire Dimock community, including children, adolescents and adults.

Services are located both on and off of The Dimock Center's main campus in Roxbury, MA, and include transitional, permanent and group residences. This 'continuum of inpatient care' extends from outreach to adult and transitional youth and emergency shelter to outpatient day treatment and residential substance abuse programs.

Eating Disorder Center of Boston (Monte Nido)

419 Boylston Street, Suite 501, Boston, MA 02116

http://www.montenido.com/facilities/eating_disorder_center_of_boston/

Families for Depression Awareness

395 Totten Pond Road, Suite 404, Waltham, MA 02451

<http://familyaware.org/>

Families for Depression Awareness is a national nonprofit organization helping families recognize and cope with depression and bipolar disorder to get people well and prevent suicides.

Floating Hospital for Children at Tufts Medical Center

755 Washington Street, Boston, MA 02111

<http://www.floatinghospital.org/>

Floating Hospital's Division of Child and Adolescent Psychiatry provide expert evaluation and treatment of a wide range of emotional, cognitive and behavioral problems. In particular, we offer specialized care for children and teens with autism spectrum disorders, mood and anxiety disorders, (attention deficit hyperactivity disorder) ADHD and mental health concerns resulting from trauma, parental loss, illness and more.

Clinical Programs + Specialties: College Learning Disorders/ADHD Clinic; Child Trauma Clinic; Clinical Neuropsychology Program; Child Mood and Anxiety Disorders Clinic; Autism and Developmental Disability Services; Child and Adolescent Psychotherapy Clinic; Foster Care/Adoption/International Trauma; Massachusetts Child Psychiatry Access Program (MCPAP); Inpatient and Emergency Consultations; Consultative Services.

Franciscan Hospital for Children

30 Warren Street, Brighton, MA 02135

<http://franciscanhospital.org/>

Franciscan Hospital for Children provides clinical, therapeutic and educational programs for children with special health care needs. As one of the nation's largest pediatric rehabilitation hospitals, they serve children throughout our community. Franciscan's continuum of care spans inpatient, residential, educational, surgical, outpatient, and home care programs.

Gavin Foundation

675 East 4th Street, P.O. Box E-15, South Boston, MA 02127

<http://www.gavinfoundation.org/>

The Gavin Foundation is a multi-service agency providing comprehensive, community-based substance abuse treatment, education, and prevention. We serve more than 5,000 individuals each year through our adult, youth and community programs. The Gavin Foundation works from a deep commitment to the community, including the widespread community of individuals and families in recovery.

Gavin House (Gavin Foundation)

675 East 4th Street, South Boston, MA 02127

<http://www.gavinfoundation.org/programs/gavin-house/>

Gavin House is a recovery home for adult men seeking to recover from the effects of alcohol and drug abuse. Accommodating up to 33 men at a time, for six months, Gavin House aims for restoration of dignity and self-respect in an understanding, supportive, and home-like environment. Residents acquire and/or renew skills needed for mature and responsible lifestyles free of alcohol and other drugs within a structured program using the Twelve Steps as the core of recovery.

Granada House

70 Adamson Street, Allston, MA 02134

<http://www.gradahouse.org/>

Granada House is a residential program for those in recovery from substance addictions. The program includes individual counseling and group meetings focused on men's issues, women's issues, parenting, relapse support, and PTSD.

The Guild for Human Services

411 Waverley Oaks Road, Suite 104, Waltham, MA 02452

<http://www.guildhumanservices.org/>

The Guild is known for its year round, community-based programming for individuals with Intellectual Disabilities who have complex needs including autism, mental health diagnoses and maladaptive behaviors. The Guild's population benefits from extended year academic instruction and/or year round residential services. The Guild's program is based on the principles of Applied Behavior Analysis (ABA).

Habit OPCO

180 Centre Street, Brockton, MA 02302

99 Topeka Street, Boston, MA 02118

1515 Hancock Street, Suite 304, Quincy, MA 02169

<http://www.crchealth.com/>

Habit OPCO provides medically supervised methadone and Suboxone (buprenorphine) maintenance treatment to individuals who are attempting to overcome an addiction to or dependence upon heroin or other opioids.

To be eligible for this type of treatment at the Habit OPCO Boston Treatment Center, prospective patients must be at least 18 years old, and must have been addicted to or dependent upon opiates for a minimum of one year prior to seeking treatment.

High Point Treatment Center

30 Meadowbrook Road, Brockton, MA 02301

<http://www.hptc.org/>

High Point Treatment Center's mission is to prevent and treat chemical dependency and provide therapeutic services for mental health issues. Our goal is to help an individual achieve personal change and accept responsibility toward an improved quality of life.

Hill Center for Women (McLean Hospital)

McLean Hospital, 115 Mill Street, Belmont, MA 02478

<http://www.mcleanhospital.org/programs/hill-center-women>

The Hill Center for Women offers psychiatric and psychological services for women with histories of trauma and related disorders, borderline personality, mood, and anxiety disorders. As a residential program with a two week average length of stay, the Hill Center for Women provides a safe, supportive, and secure environment to help women build strength and find new resources to regain command of their lives.

The Home for Little Wanderers

Administrative Offices: 10 Guest Street, Boston, MA 02135

Child & Family Counseling Center: 780 American Legion Highway, Roslindale, MA 02131

Therapeutic After School Program: 780 American Legion Highway, Roslindale, MA 02131

<http://www.thehome.org>

The Home for Little Wanderers provides a seamless continuum of vital programs and services for every stage of child and family development. Serving children and youth from birth to 22, The Home makes a positive impact on over 7,000 lives each year through a network of services including behavioral health, therapeutic residential and special education, adoption and foster care. In addition, a number of innovative programs provide specialized assistance to youth transitioning to adulthood from state systems of care.

Hope House

8 Farnham Street, Boston, MA 02119

<http://hopehouseboston.org/>

Hope House provides individualized treatment to those living with a substance use disorder. Individuals receive education and support allowing them to pursue their life interests with families, employers, and be self-sufficient members of their communities.

IMPACT (North Charles)

Administrative and Counseling Offices: 260 Beacon Street, Somerville, MA 02143

<http://www.northcharles.org/>

IMPACT is a Department of Public Health licensed outpatient substance abuse treatment program offering recovery based, goal oriented outpatient alcohol and drug treatment to individuals, age sixteen and older, and whose lives are negatively impacted by substance use. The program's goal is to assist clients and families in attaining and maintaining substance free lives. IMPACT's objective is to provide an individually designed comprehensive therapy program to identify and meet the client's individual needs. Clients eligible for IMPACT services are those who do not need a more intensive level of care due to medical, psychological or behavioral problems. (e.g. drug and alcohol tapering needs, methadone maintenance treatment, residential services). Referrals are offered to clients deemed ineligible for IMPACT. Services include individual, group and family counseling, case management, and psychopharmacology services.

Institute for Health and Recovery

349 Broadway, Cambridge, MA 02139

<http://www.healthrecovery.org/>

IHR offers outpatient treatment services for adults, youth, and families struggling with substance use and/or mental health issues. Clinicians work to support clients in addressing their substance use disorders by integrating parenting, mental health, and trauma counseling into treatment. IHR believes that substance use and co-occurring disorders, as well as recovery, occur in the context of family and relationships; therefore, our clinicians support family stabilization by focusing on all family members. IHR's outpatient services include individual counseling, case management, and group treatment. Treatment occurs in home, community, and office-based settings, serving most towns in the Greater Boston area and Northeast Mass.

Italian Home for Children

1125 Centre Street, Boston, MA 02130

<http://www.italianhome.org/>

Italian Home for Children provides progressive and therapeutic programs to help children, adults, and families with emotional, behavioral, and educational special needs thrive in their communities. Campus-based programs serve children ages 4-13, outreach programs serve youth ages 4-21, outpatient mental health programs serve children, adolescents, and adults from ages 3-90+.

Jonathan O. Cole Mental Health Consumer Resource Center

McLean Hospital, deMarneffe Building, 115 Mill Street, Belmont, MA 02478

<http://www.coleresourcecenter.org/>

The Cole Center is a consumer to consumer education and recovery community dedicated to helping mental health consumers achieve a full and healthy life by responding to their concerns with the compassion and pragmatism necessary to alleviate their hardship and aid in their recovery. The Resource Center is committed to providing the latest educational material, the training of the mental health community and media outreach programs to reduce the stigma surrounding mental illness. The Resource Center was founded, created and is entirely staffed and operated by mental health consumers who have dealt successfully with mental illness. The center is dedicated to serving as a model for other resource centers nationwide with a consumer-operated approach and a close partnership with the psychiatric community.

K-Street

74 Kilmarnock, Street Boston, MA 02115

<http://k-street.com/>

The K-Street Facilities Committee, Inc. is a Boston-based non-profit, consumer/peer-operated organization, dedicated to providing a safe meeting space for members and friends of the Gay, Lesbian, Bisexual & Transgendered (GLBT) community who are seeking recovery from addictions, abuse and/or discrimination.

Klarman Eating Disorders Center (McLean Hospital)

McLean Hospital, 115 Mill Street, Belmont, 02478

<http://www.mcleanhospital.org/programs/klarman-eating-disorders-center/>

The KEDC comprehensively treats each patient individually for the best possible outcome. Recognizing that each young woman has a distinct set of issues that contribute to her eating disorder, KEDC also understands that many also struggle with co-occurring mental health problems such as substance abuse, depression, mood and anxiety disorders, as well as trauma and post traumatic stress disorder.

The overarching goals of treatment are to improve symptom control, foster a sense of understanding of the patient's emotional life and the issues underlying the eating disorder, enhance self-esteem and build a greater sense of personal and family well-being. KEDC's average length of stay is four to six weeks.

Lahey Health Behavioral Services Opiate Addiction Treatment Services

111 Middleton Road, Danvers, MA 01923
 298 Washington Street, Gloucester, MA 01930
<http://www.nebhealth.org/>

A medically-assisted treatment and counseling program for opiate users, serving adult men and women. Through a combination of medication, therapy and links to other healthcare services, the Opiate Addiction Treatment Services program can help you to live a drug-free life. After two to three days of first treatment, clients report alleviation from withdrawal and diminished cravings, which allows them to break the cycle of addiction.

Services include: Daily dosing with consultation by nursing staff; Family, couples and group therapy; Care for expecting mothers, including education and treatment specific to Methadone Maintenance Treatment and pregnancy. Coordination with OBGYN staff, hours of SNICU and support for family members; Direct access to other levels of care offered at Lahey Health, including step-down and half way houses, Vivitrol treatment and intensive outpatient and crisis services; In-house psychiatric services and psychopharmacology; Help with transportation, legal matters and payment for services (for those who qualify).

The Landing at McLean Hospital

McLean Hospital, 115 Mill Street, Belmont, MA 02478
<http://www.mcleanhospital.org/programs/landing-mclean-hospital/>

The Landing at McLean Hospital combines intensive and extended transitional programming for adolescents and young adults through age 19 who are struggling with substance use disorders and psychiatric illness, such as ADHD, anxiety, depression or bipolar disorders. The residential program focuses on treating adolescents with substance use and co-occurring psychiatric diagnoses.

Learn to Cope

508-738-5148
<http://learn2cope.org/>

Learn to Cope (LTC) is a non-profit peer-led support network established in 2004. Funded by the Massachusetts Department of Public Health, Learn to Cope collaborates with communities across Massachusetts to spread messages of prevention, education, awareness, and advocacy. With nearly 7,600 members on a private online forum and 22 chapters throughout the state of Massachusetts an additional chapter in Florida, the group offers families unique support from their peers. Through collaboration with the state health department, Learn to Cope became the first parent network in the country to provide the overdose-reversal medication naloxone to family members at all Learn to Cope meetings. Today, 80 of the 200 Learn to Cope facilitators are trained and certified to provide LTC families with overdose education and nasal naloxone kits at each chapter. Through Learn to Cope, families who attend meetings receive training and the lifesaving medication to reverse a loved one's opioid overdose. Since December 2011, LTC members have successfully reversed 50 opioid overdoses in their homes.

Lowell Treatment Center (Arbour Health System)

391 Varnum Avenue, Lowell, MA 01854

<http://www.arbourhealth.com/organizations/lowell-treatment-center/>

The members of MOAR promote public awareness of alcoholism, drug dependency and substance abuse. MOAR has set up AREAS, Addiction Recovery Education Access Services, an educational support system for the recovery community.

McLean Hospital Adult Outpatient Clinic

McLean Hospital, 115 Mill Street, Belmont, MA 02478

www.mcleanhospital.org/programs/adult-outpatient-clinic/

McLean Hospital Adult Outpatient Clinic's approach to outpatient treatment is focused on comprehensive evaluation and stabilization. Most clinical services provided are designed to be short term. McLean provides evaluation and stabilization through outpatient services that are tailored to individuals' medical and personal needs and preferences. The services offered include programs connected to McLean's clinical programs. Although McLean is a psychiatric hospital, its outpatient service features a number of important medical programs, including a state-of-the-art magnetic resonance imaging (MRI) center.

McLean Hospital Alcohol and Drug Abuse Treatment Program

McLean Hospital, 115 Mill Street, Belmont, MA 02478

<http://www.mcleanhospital.org/programs/alcohol-and-drug-abuse-treatment-program/>

McLean Hospital ADATP's inpatient and partial hospital programs focus on treating adults with substance use disorders, with or without co-occurring psychiatric conditions. ADATP's inpatient program provides treatment for those who seek a structured, secure detoxification program, while our partial hospital program is best suited to those in need of a safe and supportive atmosphere for treatment of substance use disorders.

McLean Hospital Behavioral Health Partial Hospital Program

McLean Hospital, 115 Mill Street, Belmont, MA 02478

<http://www.mcleanhospital.org/programs/behavioral-health-partial-hospital-program/>

The BHP utilizes cognitive behavioral therapy (CBT) approaches (including dialectical behavioral therapy skills) for a wide range of conditions such as mood and anxiety disorders, depression, personality disorders, bipolar disorder, and substance use disorders. BHP is useful as a step-down transition from acute inpatient care or as an alternative to inpatient treatment. The program runs Monday - Friday from 8:30 am - 3 pm and average length of treatment is 3 to 10 business days.

McLean Hospital Community Reintegration Unit

McLean Hospital, 115 Mill Street, Belmont, MA 02478

<http://www.mcleanhospital.org/programs/community-reintegration-unit>

The Community Reintegration Unit (CRU) provides a safe and secure inpatient environment for adults in need of crisis stabilization. With an average length of stay between three and seven days, the program offers a comprehensive range of services for patients who suffer from schizophrenia, bipolar or other psychotic disorders. Staff members have special expertise in treating psychotic patients and in supporting family members with much-needed education.

McLean Hospital Schizophrenia & Bipolar Disorder Inpatient Program

McLean Hospital, 115 Mill Street, Belmont, MA 02478

<http://www.mcleanhospital.org/programs/schizophrenia-and-bipolar-disorder-inpatient-program/>

With an average length of stay of about ten days, the Schizophrenia and Bipolar Disorder Inpatient Program offers a comprehensive range of services for patients who suffer from schizophrenia, bipolar or other related conditions.

Services offered included: Medication evaluation and management; Psychotherapy and patient education; Family education; Rehabilitation and social supports in therapeutic living environments that offer graded levels of independence designed to meet changing individual needs.

McLean Hospital Short Term Unit

McLean Hospital, 115 Mill Street, Belmont, MA 02478

<http://www.mcleanhospital.org/programs/short-term-unit/>

At the Short Term Unit, McLean Hospital offers a highly focused evaluation for individuals with acute psychiatric symptoms who would benefit from a brief hospitalization. The Short Term Unit's multidisciplinary team consisting of a McLean psychiatrist, social worker, expressive therapist, nurses, and mental health specialists work with each patient to develop treatment plans tailored to his or her specific needs.

Men's Addiction Treatment Center (MATC) (High Point Treatment Center)

10 Meadowbrook Road, Brockton, MA 02301

<http://www.hptc.org/>

Brockton Meadowbrook Campus's Men's Addiction Treatment Center is a Section 35 treatment facility, which is an intervention program for men who have been civilly committed. Services include Detoxification Unit, Clinical Stabilization Services at Acceptance Inn, and Transitional Support Services at Beginnings.

Men's Health and Recovery (Boston Public Health Commission)

774 Albany Street, Boston, MA 02118

<http://www.bphc.org/>

Men's Health and Recovery is a short-term outpatient substance abuse counseling program with supportive case management for adult males in Boston. Services include: Individual substance abuse counseling; Supportive case management services; Links to educational and vocational resources; Psychotherapy and psycho-educational groups, (including: Relapse Prevention; Mindfulness and Spiritual-based Relapse Prevention; Health Education and Exercise for Addiction; Men's Trauma Group; Peer Leadership; 12-step groups).

Eligibility Requirements: 18 years of age; Resident of Boston or surrounding neighborhoods; Insurance coverage. The staff can assist men in accessing insurance coverage; A history of substance abuse or active use with the intention of seeking treatment.

Metro Boston Recovery Learning Community (MBRLC)

Peer Education Resource Center, 3313 Washington Street, Suite 2, Jamaica Plain, MA 02130

Cambridge/Somerville Recovery Learning Center, 35 Medford Street, 1st Floor, Suite 111, Somerville, MA 02143

Boston Resource Center, 85 E. Newton Street, Ground Floor, Boston, MA 02118

The Hope Center, Erich Lindemann Mental Health Center, 25 Staniford Street, Plaza Level, Boston, MA 02114

<http://www.metrobostonrlc.org/>

The Metro Boston Recovery Learning Community(MBRLC) is an entirely peer-run organization dedicated to providing support, education and advocacy by providing opportunities and resources to assist individuals in finding their own path to mental health recovery. Every Recovery Center has no barrier of access for people who self-identify as having a mental health issue in the past or present and/or having substance abuse issues. All the services of the Recovery Centers are free of charge.

Mom's Project/MORE Program

774 Albany Street, 4th Floor, Boston, MA 02118

<http://www.bphc.org/>

The Mom's Project is a 12-week outpatient treatment program that provides culturally sensitive substance abuse services. Women are not required to have children to participate. The MORE program also provides services to women mandated to treatment by court or the Department of Children and Families. Services Include: Supportive case management services; Links to educational and vocational resources; Psychotherapy and psycho-educational groups (including: Family Nurturing Program; Pathways to Family Reunification; Mindfulness-Based Relapse Prevention; Spirituality in Recovery; Trauma Recovery; Economic Success in Recovery)

Eligibility Requirements: 18 years of age; Resident of Boston or surrounding neighborhoods; A history of substance abuse or active use with the intention of seeking treatment.

Monte Nido Laurel Hill

121 Mystic Street, Medford, MA 02155

http://www.montenido.com/facilities/monte_nido_laurel_hill

Situated in a tranquil home, across from a park and surrounded by East Coast charm, Monte Nido at Laurel Hill Inn provides a healing environment where clients can focus on recovery and regain a healthy relationship with food and their bodies. The home-like atmosphere provides comfort in a unique and nurturing setting where the challenges necessary for recovery transpire.

Services Offered: Individualized treatment for adult women in a home with only 10 residents; Evidence based and state-of-the-art protocols; Experienced and dedicated staff that includes recovered professionals; A natural environment proven to be conducive to healing; Higher amount of individual therapeutic sessions; Group therapy that solidifies and establishes other components of treatment; Family therapy including individual family sessions, weekly multi-family groups and once a month 3-day family weekend; Group therapy that solidifies and establishes other components of treatment; Family therapy including individual family sessions, weekly multi-family groups and once a month 3-day family weekend; Unique level system that meets the client where the client and is re-evaluated as client progresses through the program at her own pace

Multi-Service Eating Disorders Association

288 Walnut Street, Suite 130, Newton, MA 02460

<http://www.medainc.org/>

MEDA's mission is to prevent the continuing spread of eating disorders through educational awareness and early detection. MEDA serves as a support network and resource for clients, loved ones, clinicians, educators, and the general public.

The National Alliance on Mental Illness Greater Boston Consumer Advocacy/Affiliate Network (NAMI GB-CAN)

info@namigbcan.org

<http://www.namigbcan.org/>

NAMI Greater Boston CAN (Consumer Advocacy/Affiliate Network) is an independent advocacy affiliate of NAMI Mass that is instrumental in creating empowerment opportunities for individuals with mental illness in the Greater Boston area.

The National Alliance on Mental Illness of Massachusetts (NAMI Mass)

The Schrafft Center, 529 Main Street, Suite 1M17, Boston, MA 02129

<http://www.namimass.org/>

NAMI Mass is a nonprofit grassroots education, support and advocacy organization. The mission of NAMI Massachusetts is to improve the quality of life both for people with mental illnesses and for their families.

North Charles Institute for the Addictions (North Charles)

Administrative and Counseling Offices: 260 Beacon Street Somerville, MA 02143

Dosing Site: Cambridge Hospital, Cahill Building, 1493 Cambridge Street, Cambridge, MA 02139

<http://www.northcharles.org/>

North Charles is a behavioral healthcare service provider with program locations in the cities of Cambridge and Somerville, Massachusetts. The Outpatient Mental Health Clinic and Addiction services counseling center are just outside of Porter Square in Somerville. We also provide research and planning services. In addition, our wholly owned subsidiary, Cambridge Psychiatric Services provides psychiatric moonlighting services at facilities throughout Massachusetts.

North Charles Mental Health Clinic (North Charles)

260 Beacon Street Somerville, MA 02143

<http://www.northcharles.org/>

The North Charles Mental Health Clinic (NCMHC) is a Department of Public Health-licensed facility which offers a full range of diagnostic and treatment services to adults (22+) suffering from mental illness. It is the belief of the NCMHC that mental illness can be actively and effectively treated, not merely held in check. The NCMHC offers a number of treatment modalities designed to address these goals, including diagnostic evaluation; individual psychotherapy; family/couples' treatment and medication prescription and monitoring. Because North Charles, Inc. is a close affiliate of the Cambridge Health Alliance, the NCMHC is able to provide possible access to an array of collateral services by referral/consultation, including psychiatric emergency services; bilingual and ethnic minority services; group therapy and services designed to treat patients suffering from histories of traumatic abuse or violence.

Obsessive Compulsive Disorder Institute (McLean Hospital)

McLean Hospital, 115 Mill Street, Belmont, MA 02478

<http://www.mcleanhospital.org/programs/obsessive-compulsive-disorder-institute/>

The OCDI program is for individuals 16 and older who suffer from moderate to severe treatment-resistant OCD and could benefit from intensive residential or partial hospital care. OCDI's average length of stay is between 30 and 90 days.

Office-Based Opioid Treatment with Buprenorphine Program

<http://www.bumc.bu.edu>

The Office based Opioid Treatment with Buprenorphine (OBOT) Program serves over 450 patients in the Boston Medical Center (BMC) outpatient General Medicine practice. OBOT provides consult and services to BMC's Family Medicine, Infectious Disease, Psychiatry, Homeless, and Obstetrics departments.

Additionally, OBOT provides training and technical support to 14 community health centers in the State of Massachusetts that are also funded by this grant.

Providing Access to Addictions Treatment, Hope and Support (PAATHS) (Boston Public Health Commission)

774 Albany Street, 1st floor, Boston, MA 02118

<http://www.bphc.org/>

The Boston Public Health Commission's PAATHS (Providing Access to Addictions Treatment, Hope and Support) Program is a one-stop shop for anyone (individuals, families, community partners, other treatment providers) looking for information about, or access to, addiction treatment services. In addition to the walk-in site at 774 Albany Street and the hotline, the PAATHS program also works with primary care providers and behavioral staff from various sites (including emergency departments and primary care settings) to assess individuals for substance use issues and link them to care as needed. Navigators are also available to provide phone support and trainings to providers upon request.

The Quincy Center

460 Quincy Avenue, Quincy, MA 02169

<http://www.arbourhealth.com/organizations/the-quincy-center/>

The Quincy Center, a program of Arbour Hospital, is an 18-bed Inpatient Psychiatric Unit located at Quincy Mental Health Center in Quincy, Massachusetts. The focus of the unit is to care for male, female and transgender patients 18 years of age and older with co-occurring psychiatric and addictions

disorders. The therapeutic milieu is designed to be an interpersonal environment which contributes to patients' recovery. Daily events, interactions and surroundings are purposefully structured to help patients learn more responsible ways of behaving and coping with problems.

Therapeutic modalities include psychotherapeutic intervention, activities of daily living, and psycho-education with individual and groups of patients. Other consultation services available include nutritional, psychological, neurological and somatic therapy including electroconvulsive treatment.

The Renfrew Center

870R Commonwealth Avenue, Boston, MA 02215

<http://www.renfrewcenter.com/>

The Renfrew Center of Boston specializes in the treatment of anorexia, bulimia, binge eating disorder and related mental illnesses. Programming consists of a comprehensive range of services, including day treatment, intensive outpatient and group therapy.

The Rice Center (Boston Institute for Psychotherapy)

Boston Institute for Psychotherapy, 1415 Beacon Street, Brookline, MA 02446

<http://www.bostoninstitute.org/rice.shtml>

The Rice Center for Young Children and Families specializes in the early developmental period of a child's life. The Rice Center offers parent-child therapy, individual therapy, developmental consultations with appropriate referrals, couples therapy, parenting consultations and support groups to address the needs of parents, infants & toddlers, and young children.

Ruby Rogers Center

64 Union Square, Somerville, MA 02143

<http://www.baycove.org>

The Ruby Rogers Center is a member-run organization. The Center is open to anyone in recovery who could benefit from the Center's services. Members establish their own standards of behavior. The Ruby Rogers Center is staffed and managed by its Members. It is open every day of the year and provides a variety of support, personal development and recreational activities. Specifically, the program offers the following services to its members: Nutritious meals served daily and a wide variety of healthy snacks; Personal support and advocacy assistance; Social and recreational activities, such as parties and outings; An active group program, with groups chosen by members, with the following sample offerings; Support Groups.

South Boston Outpatient Clinic (Boston Public Health Commission)

1226 A Columbia Road, South Boston, MA 02127

<http://www.bphc.org/>

The South Boston Outpatient Clinic provides individual and group treatment, case management, and advocacy services. It also houses an adolescent after-school program called the IOP/Build Program, an eight week skills-building program for dual diagnosed adolescents. Services include: Individual substance abuse counseling; Supportive case management services; Psychotherapy and psycho-educational treatment groups.

South Cove Community Health Center

145 South Street, Boston, MA 02111

<http://www.scchc.org/>

The largest Asian community health center in Massachusetts with new and expanded clinics in Boston (Chinatown & South Street) and Quincy. SCCHC's mission is to improve the health and well-being of all medically underserved in Massachusetts, with a special focus on Asian Americans. This mission is accomplished by providing high quality, community-based health care and health promotion programs which are accessible, affordable, as well as linguistically and culturally competent for these populations. Behavioral Health services include: Psychotherapy; Early intervention; Parent aide services; Intensive family intervention; Case management; Children's collaborative.

South End Community Health Center

1601 Washington Street, Boston, MA 02118

<http://www.sechc.org/>

Outpatient Counseling: SECHC's outpatient department offers a wide array of behavioral health counseling and evaluation services to children, youth, adults, couples and families. A highly trained team of psychiatrists, psychologists, social workers, behavioral health counselors and other professionals provide a full range of clinical options, including psychopharmacology and support services in an individual or group therapy setting. Services are available for patients with more complex health needs such as chronic mental illness and families needing more intensive services, specialized treatment and therapies.

Community-Based Rehabilitative Services: Provides rehabilitative interventions and supports in partnership with adults who have chronic, persistent mental illness and their families to promote and facilitate recovery. These services help patients manage psychiatric symptoms, maintain independent living and promote wellness.

Spectrum Outpatient Services (Spectrum Health Systems)

210 Bear Hill Road, Waltham, MA 02451

<http://www.spectrumhealthsystems.org>

Spectrum's outpatient counseling program serves adults and adolescents with chronic substance abuse and/or mental health issues, targeting the specific risk factors commonly associated with addiction and mental illness. Counselors begin by engaging the individual in order to build trust, acceptance and mutual respect. Active treatment is used to build the skills needed for recovery. Relapse prevention training, comprehensive aftercare planning and linkages to community resources help facilitate sustained recovery following discharge. Medication-Assisted Treatment is available.

St. Francis House

39 Boylston Street, Boston, MA 02116

<http://www.stfrancishouse.org>

St. Francis House is the largest day shelter in New England, offering basic services – food, shelter, clothing, medical care, mental health and substance abuse counseling to all, in addition to educational, rehabilitative, and housing services.

St. Elizabeth's Medical Center

736 Cambridge Street, Brighton, MA 02135

<http://www.semc.org/>

Steward® Behavioral Health Services offers unique, specialized care, including psychiatric services to patients, young and old. In addition to these services, our addiction treatment programs deliver excellent outcomes for individuals suffering from substance abuse problems. We offer substance abuse treatment services at the following Steward locations – NORCAP Lodge in Foxboro, Massachusetts, St. Elizabeth's Medical Center's Comprehensive Addiction Program (SECAP) in Metro Boston, and Holy Family Hospital at Merrimack Valley (ValleyCAP) in Haverhill, Massachusetts.

Ten Steward® hospitals offer Emergency Department (ED) evaluations to patients in crisis. Each ED has a team of crisis clinicians that provide evaluation and psychiatric screenings to determine what services patients may need.

If a patient requires inpatient services, they will be under close observation. During that time they will be given emergency medications as needed, and at-home medications will be ordered. Patients continue to receive ongoing assessment as crisis clinicians evaluate patients while they are in the ED. If a patient requires an outpatient program, our crisis clinicians will make arrangements or provide contact information for a program.

Total Immersion Program (Gavin Foundation)

Gavin Foundation, Center for Recovery Services, 210 Old Colony Avenue, South Boston, MA 0212

<http://www.gavinfoundation.org/programs/total-immersion-program-tip>

TIP provides an alternative to incarceration, and places clear limits and expectations on probationers. Comprehensive assessments, anger management, 12-Step participation, attendance at AAWOL and drug screening provide structure and resources for drug and alcohol free living. Independent counseling sessions are made available for victims of these violent crimes.

The Transformation Center

98 Magazine Street, Roxbury, MA 02119

<http://www.transformation-center.org/>

A statewide training, peer support, policy and best practice center operated by and for people with lived experience of mental health, substance use and trauma recovery.

Tufts Medical Center Inpatient Psychiatry

800 Washington Street, Boston, MA, 02111

<https://www.tuftsmedicalcenter.org/>

Tufts Medical Center's Department of Psychiatry offers a 20-bed inpatient psychiatric unit led by psychiatrists with extensive inpatient care experience and staffed by an experienced team of psychiatrists, nurses, social workers and occupational therapists. Tufts Medical Center's downtown Boston inpatient unit provides comprehensive, compassionate medical and psychiatric evaluation and treatment of psychiatric disorders, including severe depression, mania and psychosis.

Veterans Affairs Boston

251 Causeway Street, Boston, MA 02114

<http://www.boston.va.gov/>

VA Boston Healthcare System exists to serve the veteran through the delivery of timely quality care by staff who demonstrate outstanding customer service, the advancement of health care through research, and the education of tomorrow's health care providers.

Walden Behavioral Care

Inpatient & residential: 9 Hope Ave, Suite 500, Waltham, MA 02451

Outpatient & eating disorders partial hospital & intensive outpatient: 69 Hickory Drive, Suite 2000, Waltham, MA 02451

<http://www.waldenbehavioralcare.com/>

Walden Behavioral Care provides multilevel treatment services including inpatient, residential, partial hospitalization, and intensive outpatient programs for adults, adolescents, males, and females with eating disorders.

Walden Behavioral Care also provides inpatient treatment for patients 16 and older who need psychiatric care and an inpatient mood disorders program for adults.

Walden Psychiatric Associates offers outpatient integrative treatment programs including psychopharmacology evaluations, medical management, and nutritional counseling.

Waverley Place (McLean Hospital)

12 Church Street, Belmont, MA 02478

<http://www.mcleanhospital.org/programs/waverley-place>

Waverley Place is a community-based rehabilitation program offering comprehensive, coordinated care and support for adults with chronic psychiatric illness. Rehabilitation and living plans are collaboratively designed by staff and center members, taking into account such circumstances as housing, employment and education, psychiatric services, spiritual and social needs, and individualized goals.

West End Clinic (MGH)

16 Blossom Street, Boston, MA 02114

http://www.massgeneral.org/psychiatry/services/west_end_home.aspx

The West End Clinic (WEC) of Massachusetts General Hospital is an outpatient facility for those with alcohol and drug addictions, co-occurring mental health disorders and other types of addictive behaviors. Services include the following: Individual Substance Use Counseling and Psychotherapy; Brief Motivation Counseling (“Readiness work”); Family and Couples Therapy; Medication Management for Substance Use & Co-existing disorders; Intensive Outpatient Program (IOP); Young Adult Intensive Outpatient Program; Suboxone Outpatient Program; Naltrexone Injection Clinic; Group Therapies: See all our groups; Training & Peer Supervision; Consult-Liaison Services; Addiction Recovery Management Service.

Westwood Lodge (Arbour Health System)

45 Clapboardtree Street, Westwood, MA 02090

<http://www.arbourhealth.com/organizations/westwood-lodge/>

Westwood Lodge is a 89-bed private psychiatric hospital located in Westwood, Mass. The hospital offers a full continuum of services, including inpatient for children, adolescents and adults.

Programs Include: 24-Hour Evaluations, Triage, and Admissions; Inpatient Treatment for Children, Adolescents, and Adults; Partial Hospitalization for Children, Adolescents, and Adults.

Whittier Street Health Center

1290 Tremont Street, Roxbury, MA 02120

<http://www.wshc.org/>

Whittier Street Health Center is a full-service primary care health center integrating a wide-range of health services including Behavioral Health and Substance Abuse Counseling.

The Behavioral Health Department consists of psychiatrists, psychologists, nurse practitioners, social workers and licensed mental health counselors who offer individual, family, couple, and group counseling, and medication management services for all ages. We treat a wide range of mental health issues, such as depression, Post Traumatic Stress Disorder, anxiety, ADHD, bipolar disorder, and stress related problems. We treat children, adolescents, and adults.

Services include: Intake assessments for children, adolescents, and adults; Individual therapy for all ages; Psychiatric assessment/medication management for all ages; Group therapy for adults; Intensive Family Team intervention for families in crisis; Suboxone Groups; Relapse Prevention Groups; Trauma Center.

The Women's Table

637 Cambridge Street, Brighton, MA 02135

<http://thewomenstable.org/>

The Women's Table actively engages women and strengthens relationships among women to promote self-knowledge, self-care, and personal growth. The Women's Table, is a Woman-to-Woman resource center sponsored by the Sisters of St. Joseph of Boston. Women from all walks of life benefit from educational programs, social support, supportive circles, advocacy and outreach support. The Women's Table creates ever-widening circles of love and compassion through our programs designed to meet the needs of women in present day. Women from all walks of life are served through The Women's Table: young, homeless moms living in shelters, older women grieving a loss of a spouse, mothers of children with disabilities, immigrant women in search of community, and many more. Programs are developed by The Women's Table fill a void, or lead women toward 'the more', or deeper meaning and understanding of their lives.

The Allston Brighton Health Collaborative (ABHC) is a collaboration of local and regional organizations devoted to working together to promote and improve the health and wellbeing of the communities of Allston and Brighton. We maintain broad goals and an inclusive strategy to engage all of our member agencies in working toward building a healthier community.

<http://abhealthcollaborative.org/>

The Allston-Brighton Substance Abuse Task Force (ABSATF) is a coalition of community agencies and residents that mobilizes youth, families, community members and leaders to prevent and reduce substance abuse among youth and adults in our community.

<http://abdrugfree.org/>
